

Royal Canadian Mounted Police    Gendarmerie royale du Canada

A change has recently come into force to the Firearms Act as part of Bill C-71, *An Act to amend certain Acts and Regulations in relation to firearms*. The change has resulted in the removal of the following conditions related to the transport of restricted/prohibited firearms from your licence:

- Transport of restricted firearms and/or prohibited firearms to a port of exit, in order to take them outside Canada and from a port of entry.
- Transport of restricted firearms and/or prohibited firearms to and from a gun show.
- Transport of restricted firearms and/or prohibited firearms to and from a business that holds a licence authorizing it to repair or appraise prohibited or restricted firearms.
- Transport of restricted firearms and/or prohibited firearms to and from any place a peace officer, firearms officer or chief firearms officer is located for verification, registration or disposal in accordance with the *Firearms Act* and Part III of the *Criminal Code*.

If you wish to transport your restricted/prohibited firearm for one of the above purposes, you must apply for an Authorization to Transport to your Chief Firearms Officer. To contact your Chief Firearms Officer, please call 1 800 731-4000.

All affected licence holders will be mailed a formal notification of the changes to the Authorizations to Transport, including your current updated licence conditions.
