

Bill C-71 Coming into Force Dates

Effective July 7, 2021 the following section of Bill C-71 Came into Force:

For Restricted and Prohibited 12(6) firearms, **Long Term Authorizations To Transport** (LTATT) conditions attached to the license were reduced to

- all approved (Section 29) gun ranges in your province of residence.
- To your home after acquisition and transfer of a restricted or prohibited firearm.

These conditions are still attached to your RPAL and available to the police through a computer check on the RPAL. You may receive a paper copy of the conditions at a later date.

RPAL holders will have to contact the CFO's office to obtain a **Short Term Authority to Transport** (STATT) to transport a restricted or prohibited firearm anywhere else, including:

- to or from a business for repair or appraisal
- to or from a gun show, whether for display, sale or appraisal
- to another person's private residence following sale and transfer
- to a Post Office when shipping a restricted or prohibited firearm
- to or from a Canadian border point.

Effective July 26, 2021 the following sections of C-71 will Come into Force

LICENCE VERIFICATION:

- All transfers of non-restricted firearms will require licence verification. This will require disclosing licencing information to the Canadian Firearms Program (CFP) for the transfer and receipt of a verification number. This information will be recorded and kept by the CFP.

MANDATORY DEALER RECORDS:

- Firearms businesses will be required to maintain records on the sale, possession and disposal of non-restricted firearms as a condition of the firearms business licence.
- These records will belong to the CFO and may be seized at any time without warrant.
